“I cannot rave enough about the service of Renaissance Flooring. I had a time issue and this company met my deadline with time to spare. Each workman was efficient, friendly, and talented. Greg knew all about the flooring issues that best fit our needs. I felt confident with our selection. I will certainly recommend this company to anyone looking for flooring consultation and installation. They were a dream to work with on our entire project.”

“Excellent service all round, from special order to install in just 3 business days. No problems with the install, and all done for a better price than the competition (who were even running a special on the carpet that we chose). I can recommend Renaissance very highly and look forward to working with them again.”
